

Jaiswal Group

Recycling. Refining. Recreating the Future.

ABOUT US

At Jaiswal Group, we are shaping a sustainable future by blending innovation with integrity.

Through our two major divisions — AJ Trading (Scrap Recycling & Metal Trading) and Vishwakarma Metal Industry (Aluminium Cookware Manufacturing) — we deliver 0 eco-friendly solutions, quality craftsmanship, and value that lasts.

OUR MISSION IS SIMPLE YET POWERFUL:

To create a greener tomorrow through responsible recycling and superior metal products.

Scrap Recycling • Metal Recovery • Sustainable Supply

ABOUT US

Vishwakarma Metal Industry, a division of the Jaiswal Group, is a trusted manufacturer of premium aluminium utensils and cookware. Combining traditional craftsmanship with modern technology, we create products that are durable, functional and elegant.

With pure, food-grade aluminium and skilled artisans, every Handi, Kalsi, Kadhai, Plate, and Bowl is crafted for superior quality, safety, and long-lasting shine. Driven by innovation and integrity, we proudly serve homes, hotels, and industries across India with cookware that embodies strength, style, and sustainability.

Crafted with care. Built to last. Trusted by generations.

WHY CHOOSE ALUMINIUM?

- Lightweight & Durable – Easy to handle, built to last.
- Rust-Free – Naturally resistant to corrosion.
- Even Heat Distribution – Ensures faster and uniform cooking.
- Food-Grade Safe – 100% hygienic and toxin-free.
- Eco-Friendly – Fully recyclable and sustainable material.

OUR MANUFACTURING PROMISE

Every utensil passes through rigorous steps:

Casting → Shaping → Finishing → Quality Check → Polishing → Packaging

We ensure precision, safety, and beauty in every piece.

SUSTAINABILITY & RESPONSIBILITY

We are deeply committed to eco-friendly recycling and waste reduction. Our end-to-end recycling chain ensures minimal environmental impact while promoting material reuse across industries.
